

GRACE
HOSPITAL

Registered Anaesthetic Technician

About Grace

We are the only private hospital in Tauranga, with nine theatres, an endoscopy suite and construction for further campus expansion on the way. With modern facilities, high utilisation rates, a quality service, (with impressive patient feedback about our meals!) supportive management and a collegial team, this is a dynamic, fast paced environment where your skills and knowledge can develop and your career will thrive.

We require a FULLTIME Registered Anaesthetic Technician to join our dynamic team, working rostered shifts, which may include some occasional weekend work.

Skills and attributes required

Obviously you will be a Registered with the Medical Sciences Council of New Zealand with a current APC. You will have a strong customer focus, be committed to improvement initiatives and your own professional development. Proven team leadership experience is ideal. In addition you will be:

- Professional and eager to learn
- Calm and confident
- Organised, methodical and precise
- Resilient
- A team player who interacts well with others
- Committed to on-going education

What's in it for you?

- There are Consultants only in this hospital with no Registrars or House Surgeons, which means you work directly with the Anaesthetist
- Support for ongoing professional development
- Hospitalisation benefits and subsidised medical insurance
- Free car parking
- A beautiful facility with the latest equipment
- Planned Christmas and New Year breaks
- Competitive remuneration
- Many other wellbeing and employee support benefits

Please apply including your CV and covering letter to gracehr@gracehospital.co.nz, or if you have any questions, feel free in contacting Ariana Burton, HR Administrator on 07 5775 001.
