## WHANGAREI SYMPOSIUM

A warm invitation

We welcome you to our inaugural Whangarei Symposium.

The theme being **Honour History – Challenge the Future'**, we have put together a programme to suit this. As Anaesthetic Technicians we are always striving to improve patient outcomes through education. So, welcome everyone to this symposium.

We envisage our programme will stimulate and excite through plenary sessions that will engage, and workshops to enjoy.

The venue being "The Distinction Hotel" in Whangarei is ready to go and I think you will find it a lovely little setting in which to enjoy the plenary sessions and the interactive workshops. Just across the road are fine bars and restaurants to enjoy into the evening.

We have been mindful of time with this programme to allow time to interact, play and listen to a varied source of local and international knowledge. We have kept Saturday late afternoon/evening free so you can go and enjoy Whangarei and all it offers. We have more information in this handbook for places to eat and drink if you so require.

Warm regards,

Matthew
